### **FUNDRAISING / DONOR DATABASE POLICY**

It is the policy of the Eastern Connecticut Resource Conservation & Development Area, Inc. (the "Council") to obtain the majority of its operating income from fee-based, project-based, or grant-based sources. Budgeted expenditures will be based on anticipated revenues from these sources as well as from unrestricted reserve funds. Accordingly, the Council elects to eschew a policy of soliciting membership fees, donations, or other organized fundraising for purposes of operating income. From time to time, the Council may develop or participate in fundraising events for dedicated projects such as the Tour des Farms or the New England RC&D Association Conference, but the Council believes that its collective time is better spent on project implementation than in donor cultivation.

This policy is subject to change per the collective decision of the Council.
